My Promise to You...

- I build every bow myself.
- I outsource no materials.
- All lams are cut & ground inhouse.
- I stock a wide variety of exotic hardwoods, foreign & domestic.
- I rush no process & strive for the utmost perfection in every bow I build, I settle for nothing less...
- No detail is passed over & each bow is finished to withstand the rigors of hunting & the scrutiny of a perfectionist...

Every Toelke Bow is truly a Custom Bow...
